Testimonials from Students

"It gives me great pleasure to say that I am a part of RV institutions now. The law college has been newly established but in just a year it has achieved a lot with the minimal number of students we have. The principal and staff are very cordial and always there to help us whenever required. Even during a situation like this where the entire country is shut down our college has taken the initiative of conducting online classes regularly. Studying in RVILS has helped me grow professionally and personally. The amount of encouragement you get from the principal and staff definitely motivates one to always showcase their skills and we are taught that to win must be our goal but to gain experience must be our ultimate objective."

- Darshana Suresh
IV Sem, B.B.A. LL.B

The faculty here are friendly and helpful. It has a well-planned infrastructure along with facilities such as a very well-equipped library, an effective moot court hall, digitalized classrooms, legal aid cell, anti-ragging cell etc. Overall RV Institute of Legal Studies is the perfect place to shape a better future."

"After finishing 12th grade, I was really worried about choosing the right college for my law degree. But I was very clear on going to a college where I would have a lot of opportunities and gain maximum exposure. RVILS was the right choice for me. We have the best and experienced faculty who are constantly encouraging students to reach their full potential. Our campus and library are of the highest standards. Despite being only in the first year, I have already gotten the opportunity to participate in a National Seminar and a Moot Competition. Other than inter-college events, we also have several committees and cells within the college, which students can join. Since RVILS is a new college, the latest syllabus and best methods of teaching are used to teach the students. Frequent seminars and conferences by guest lecturers and eminent personalities in the legal field allow us to gain more knowledge about the law and its realities. Our principal, Dr. Anjina Reddy K.R., is a dynamic personality who is always welcoming towards students and their opinions. He follows an open-door policy and is a firm believer in hard work, encouraging and supporting students to be the best they can. I, being part of the second batch to join the college, was lucky enough to have our seniors to guide and support us through our first year. They were extremely helpful and had a friendly attitude towards us. Overall, the college focuses, not only on theoretical knowledge but even practical knowledge, and encourages us to take up internships during our semester breaks. Through the seminars and assignments that we submit, students are able to polish and enhance their presentation skills and vocabulary, the two essentials of a good lawyer. The college management, staff and faculty focus on the holistic growth and development of students by creating an atmosphere that is conducive to learning."

- Varshika R. Kanala
II Sem, B.B.A. LL.B

Joining RV Institute of Legal studies was not on my plan list , but it looks like I was pre destined to join this institution. Trust me I have not regretted this decision even for a single second. The management in this prestigious institution is every student friendly and supports the student in all their endeavours .

The faculty team is very well versed in the subject and they always believe that the student learns more through practical teaching so more emphasis is given to the practicality of the subject. RVILS is not an institution which is only for academics, The faculty members and the staff have been the lighting force behind the all round development of a student. The constant support of the faculty members have made us achieve in all our competitions such national moot court competitions , National seminars ,Debates and sports etc . RVILS is a student friendly campus where we students enjoy a unique bond with our lecturers. All the students of RVILS gets the privilege of interacting with our lecturers and we are free to discuss all aspects of life.

The digital library and the information centre are filled with vivid and various types of books . By reading such books we get enriched by knowledge, this knowledge later becomes our power to win cases which are in the good faith of the society in our

upcoming days as advocates. The issues argued in the moot court are very rationalistic and are matters of national interests , this has reminded us about the duty we owe to the society as budding attorneys.

Our respected Principal Prof. Dr.Anjina Reddy.K.R has always been the guiding force behind all these endeavours of the institution. Academics is not the only concern for sir , but sir has taken the collective responsibility of shaping the student's career. We students share a very friendly bond with sir and he is open for discussion on all topics which are concerned with our development. Sir has always enriched us with his immense depth of knowledge in the field of law.

The peer group which RVILS has given me is to cherish for a lifetime. Having such friends who are career oriented brings up healthy and constructive competition, which in turn creates an ocean of opportunity for mutual learning.

I bow down in gratitude to all the members of this institution for helping me develop a personality and an aura to become a successful attorney. Looking forward for the upcoming years at RVILS in an euphoric manner.

RV Institute of Legal Studies: GUIDING STUDENTS HOLISTICALLY IN LEGAL EDUCATION

Seven years before the independence of India, when the freedom fighters were at the crest of ending British dominance in the country, his farsighted visionary Swami Sivananda Sarma established Rashtreeya Sikshana Samithi to educate the Indian children post-independence. Under his supervision, Rashtreeya Sikshana Samithi established its first primary school in 1940 at Vishweshwarapuram in Bangalore South, and during 1963-64 RV College of Engineering was established which is one of the pioneer institution of the Rashtreeya Sikshana Samithi Trust (RSST) Since then RSST has been a primal source of education for the children from kindergarten to Ph.D. and for research scholars. For the last 79 years in the education meadow, RSST played an instrumental role in the career evolution of more than 20,000 students through 26 esteemed institutions at present under its name.

The inception of Legal Institution

With the exponentially increasing crime rate, civil disputes and growing numbers in the cybercrime inventory, RSST realized the importance of a specially trained legal force to foster salvation of quantum of pending cases in the courts. "With the intention to add a new dimension and unique approach to legal education,

Prof. Dr. ANJINA REDDY K R,
PRINCIPAL

we incepted RV Institute of Legal Studies (RVILS) in 2018 under our alpha group of RSST. The students, who will be graduating from our law institute in the coming years, will definitely overcome any legal issues quickly adhering to law professionals' etiquette", says Dr. Anjina Reddy K R, Principal, RV Institute of Legal Studies.

Curriculum and Other Activities

Imparting legal education to craft globally competent and socially eminent professionals, RVILS has incorporated best learning facilities and ambience for the students. The legal institute is ensuring that the students develop substantial theoretical knowledge and impeccable practical skills to promote legal awareness in the community for achieving social and economic justice.

"At the moment, we have traditional B.A. LL.B. and B.B.A. LL.B. five years integrated degree courses in our curriculum which

are affiliated to Karnataka State Law University, Hubballi and approved by Bar Council of India, New Delhi. A majority of the law colleges have only 3 Years L.L.B degree courses in their curriculum, which makes our courses unique," says Principal He adds, "We have SWOC (Strength, Weakness, Opportunities and Challenges) analysis as a part of our traditional curriculum to assess the students' intellects in an enhanced manner and to educate them accordingly."

The teaching methodologies adopted by the faculties of RVILS are as unique as the law courses. The faculty panel consists of 2 Ph.D. degree-holding professors and 9 other qualified professors who cultivate their expertise over the legal subjects and "Frequently, legal luminary like advocate general, senior advocates, retired judges, present judges and corporate top legal advisers visit our institute's campus to enlighten the students on the events of the real-world legal subjects. From them, the students also gain in-depth knowledge over the topics present in the curriculum; basically, through these seminars, debates/discussions. We are giving the students an opportunity to build strong logical thinking abilities and self-belief so that they can confidently present their own ideas in front of their teachers and the public at various competitions."

For nurturing students outside the classrooms, RVILS has some illuminating infrastructure in its campus like the wide and spacious library with valley ventilation. It also has a Moot Court where budding lawyers can experience the feel of a real court. "It is a common misconception that legal education doesn't need good infrastructural facilities, which is wrong. We are giving the best infrastructure compared to any other law colleges".

Achievements and Plans

Within a year of its establishment, RVILS has achieved some of the very important milestones. The legal institute participated in one of

the toughest competitions of YMCA Model Parliament and won the 34th edition of the competition. RVILS regularly sends the students to Moot Court competitions throughout the nation for taking parts in various Moot Court competitions, in which the students receive high appreciations and also winning the competitions. Principal says, "Out of that, just in the first year of our commencement, the students have made us proud by winning the Best Memorial Award at K.L.E Society's Law College, Chikodi, Karnataka. And further, they regularly participate and succeed at academic debates."

Apart from academics, the students also participate in various

sports and cultural events where they frequently win medals and accolades.

RVILS is on the verge of preparing a placement cell whereby collaboration with renowned law firms and also with corporate sectors. RVILS is joining hands

RV Brand Launch

The “Brand Launch” event held on the 9th of November 2019, marks an important moment in the history of RV Educational Institutions. This day witnessed RV being established as an educational brand with 20 brand colours for all 20 institutions and our collective mission, as described by the new brand tagline “Go, change the world”.

The event was a culmination of the huge undertaking by RV to establish every institution as a brand with their unique brand identities. This included identifying the principles and vision of each institution and portraying that with a colour. The brand elements were then incorporated into models for all communication routes

from the institutions. The guidelines of these brand elements and their usage formed the crux of the “Brand Book” which was launched at the event. Additionally, the event also witnessed the launch of the website of the Trust Office designed in line with the brand book.

The branding initiative of RV Educational Institutions did not end with the event, however. It was a new beginning for all RV Institutions. Every event or activity conducted and every communication carried out since that day has been streamlined to project our unity, our mission to educate and the responsibility to ***“Go, change the world”***.
